## LETTER OF TRANSMITTAL

TO HIS EXCELLENCY TIM M. BABCOCK  
Governor of the State of Montana

THE HONORABLE ALBERT LEUTHOLD  
State Examiner

In compliance with Section 4-227 of the State Liquor Control Act of Montana, the Montana Liquor Control Board presents herewith its report of operation for the twelve month period, beginning July 1, 1967 and ending June 30, 1968.

The true measure of performance by this Board is not fully told in the operating statements herein. They do show that this operation produces vast revenues for local, state and federal governments in addition to paying the entire costs of its own operations.

Beyond these operating statements is the larger picture. This includes: (1) The challenges given to the state by the voters to successfully control within a beneficial area one of Montana's important industries; (2) how this duty has been balanced with the responsibility of serving the General Public's necessities and conveniences, and (3) how great a stake the citizens of Montana have in this growing Public Enterprise and why they should increase their interest in it, just as benefitting stockholders would in any corporation.

Therefore, to more fully present this record year, we offer this Annual Report in as clear and meaningful form as we can make it.

Respectfully submitted,

MONTANA LIQUOR CONTROL BOARD

KENNETH M. NEWTON, Chairman  
Robert G. Arnot  
Walter G. Morris  
M. K. Felt  
F. B. Welsh

## GENERAL REVIEW

### Revenue

The Montana Liquor Control Board which provides the **second largest** source of income for the state's general fund, completed the past fiscal year with the greatest distribution in the history of the department.

A record breaking \$9,482,119.59 was apportioned with \$8,628,933.18 going to the state general fund and another \$853,186.41 to counties and cities within the state.

Value of the liquor department to all Montana taxpayers is apparent in the fact that since its inception it has remitted in excess of 173 million dollars to the general fund for operation of the state.

In addition over 7½ million dollars have been distributed to counties and cities since 1957 when they were allowed by legislative action to participate in state liquor revenue.

Despite the increase of revenue to the state, efficient operation has averted any fundamental price increase at the retail level.

On the other side of the picture in hard liquor consumption Montana still remains fifth lowest among the eighteen control states and forty-fifth lowest in the nation.

### Gross Sales

Montana's gross sales for the past fiscal year totaled \$25,595,592.00 exceeding those of the previous fiscal year by \$1,049,841.00, an increase of 4.47 percent. Net revenue from sales shows an increase of \$510,253.00 or 6.68 percent.

### Administration

Stewardship of Montana's Liquor Control department is delegated to a five member board, and an administrator who serves as ex-officio secretary to the board and oversees all phases of the operation of the department.

Board members meet in two day sessions once a month for the purpose of making liquor purchases and conducting hearings in connection with license matters, as well as managing any other question which may arise pertaining to the administration of the Montana liquor control act and the Montana beer act.

### Departmental Operation

Both central office and central warehouse are located in one building in Helena.

All accounting for the entire system is carried on in the central office and all merchandise for the state's 146 retail outlets is handled through the Helena warehouse.

Stock records both in stores and warehouse are maintained and controlled under a perpetual inventory system requiring monthly physical inventories and regular audits. All central records are audited annually by the state banking department.

### Licensing Division

During the past year the department's licensing division which is headed by the assistant administrator, issued a total of 1,444 beer and liquor licenses; 154 on premise beer licenses; 461 off-premise beer licenses and 64 wholesale beer licenses.

Population-wise Montana has one tavern for every 467 persons, according to 1962 population estimate.

Hearing and transfer of licenses totaled 393 for the year.

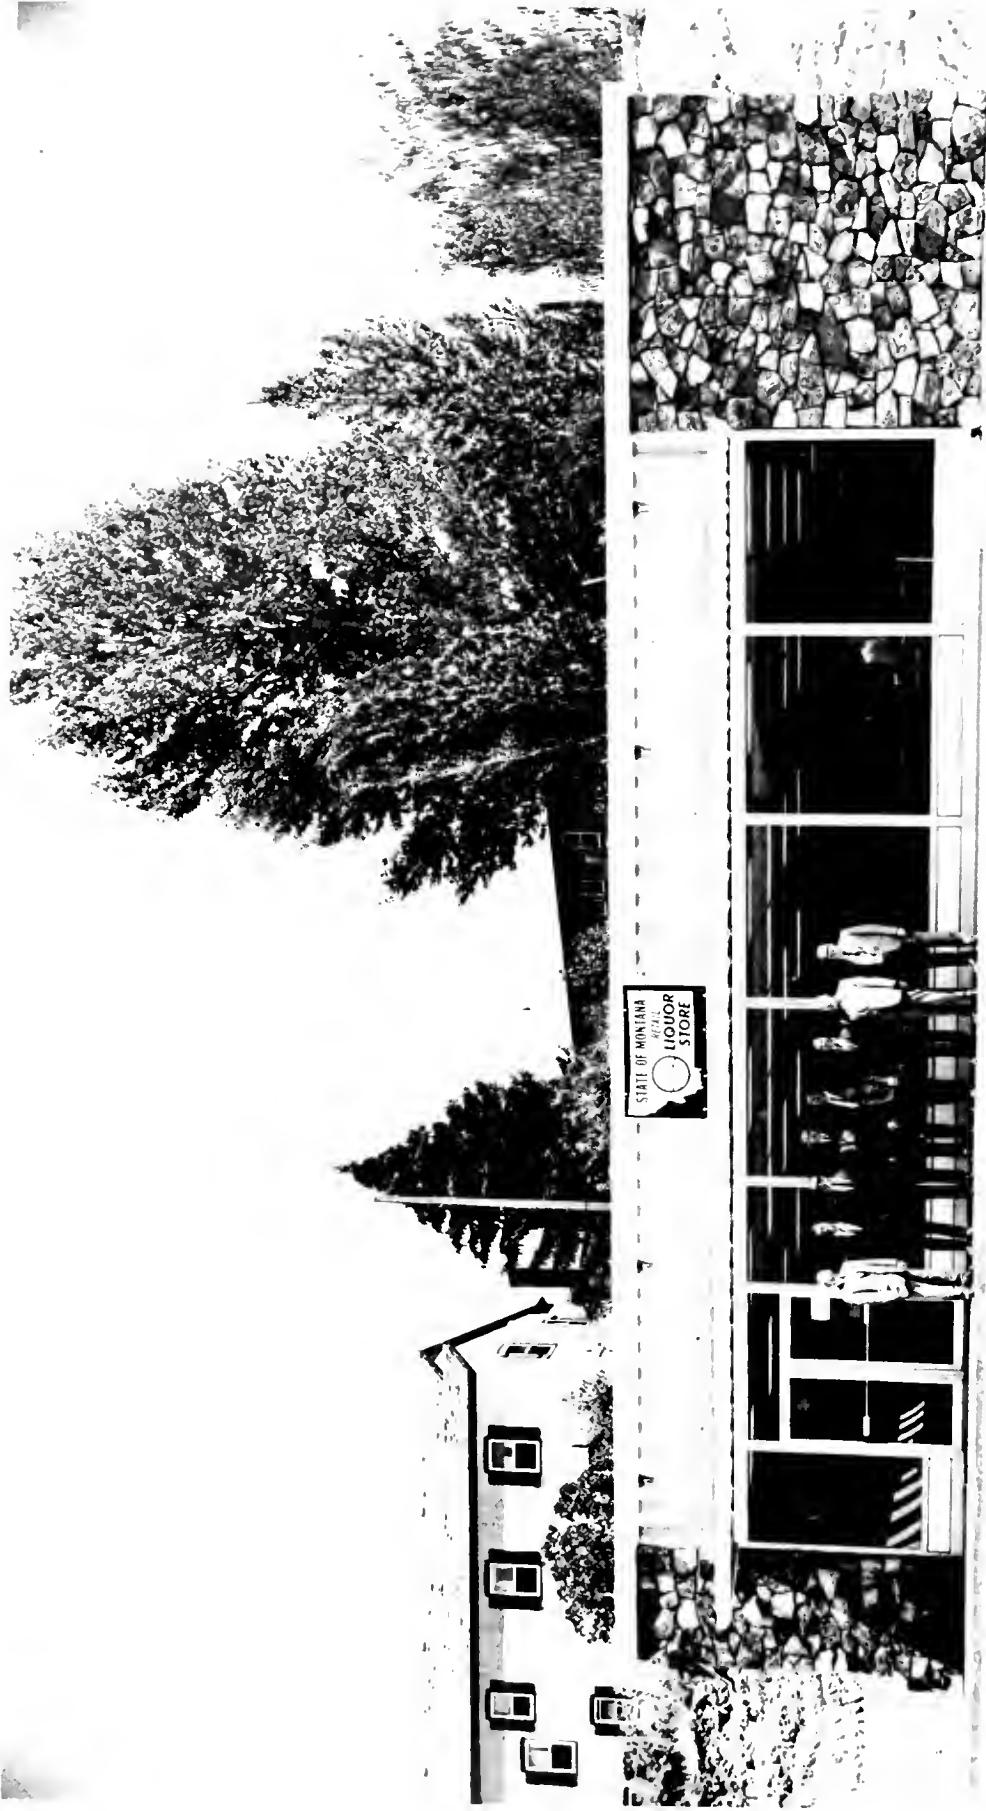

Inspections made by the division's inspectors were more than 25,000.

### Warehouse Operation

Outbound shipments to state stores totaled 5,198 for the year.

This total outbound includes 10,949 repack cases which are cases made up of more than one item for smaller outlets which cannot handle more costly merchandise in full case lots.

Montana's newest self-service store in Helena. The guidelines used in the design and layout of the store are to be followed for future stores throughout the state.

Left to right: F. B. Welsh, Member; A. W. Scribner, Counsel; M. K. Felt, Member; L. H. Christensen, Assistant Administrator; Walter G. Morris, Member; Kenneth Newton, Chairman; C. B. Shelton, Administrator; and Robert G. Arnot, Member.

## MONTANA'S STATE STORES

Montana operates regularly 146 state retail outlets, plus one seasonal store.

Although the stores handle more than 25½ million dollars in liquor sales there are only 235 regular employees throughout the state.

While all costs of warehouse and central office operation must necessarily be pro-rated against the revenue producing stores.

Montana's stores are located in all county seats as provided by law, as well as in additional locations to provide complete service to the public.

More than 1,381 stock items are handled in the stores giving a wide variety of purchaser selection. Special orders are handled in instances where popularity of an item is not great enough to warrant regular handling.

Vendors are completely responsible for all merchandise invoiced to them from the central office.

A steady program of modernization has been in effect as finances and circumstances warrant and Montana now has a steadily growing number of retail outlets which compare favorably in attractiveness and convenience with any in the industry.

During the past year self-service stores were opened in Helena and Missoula.

### Classification

Montana stores are classified according to sales and volume and are as follows:

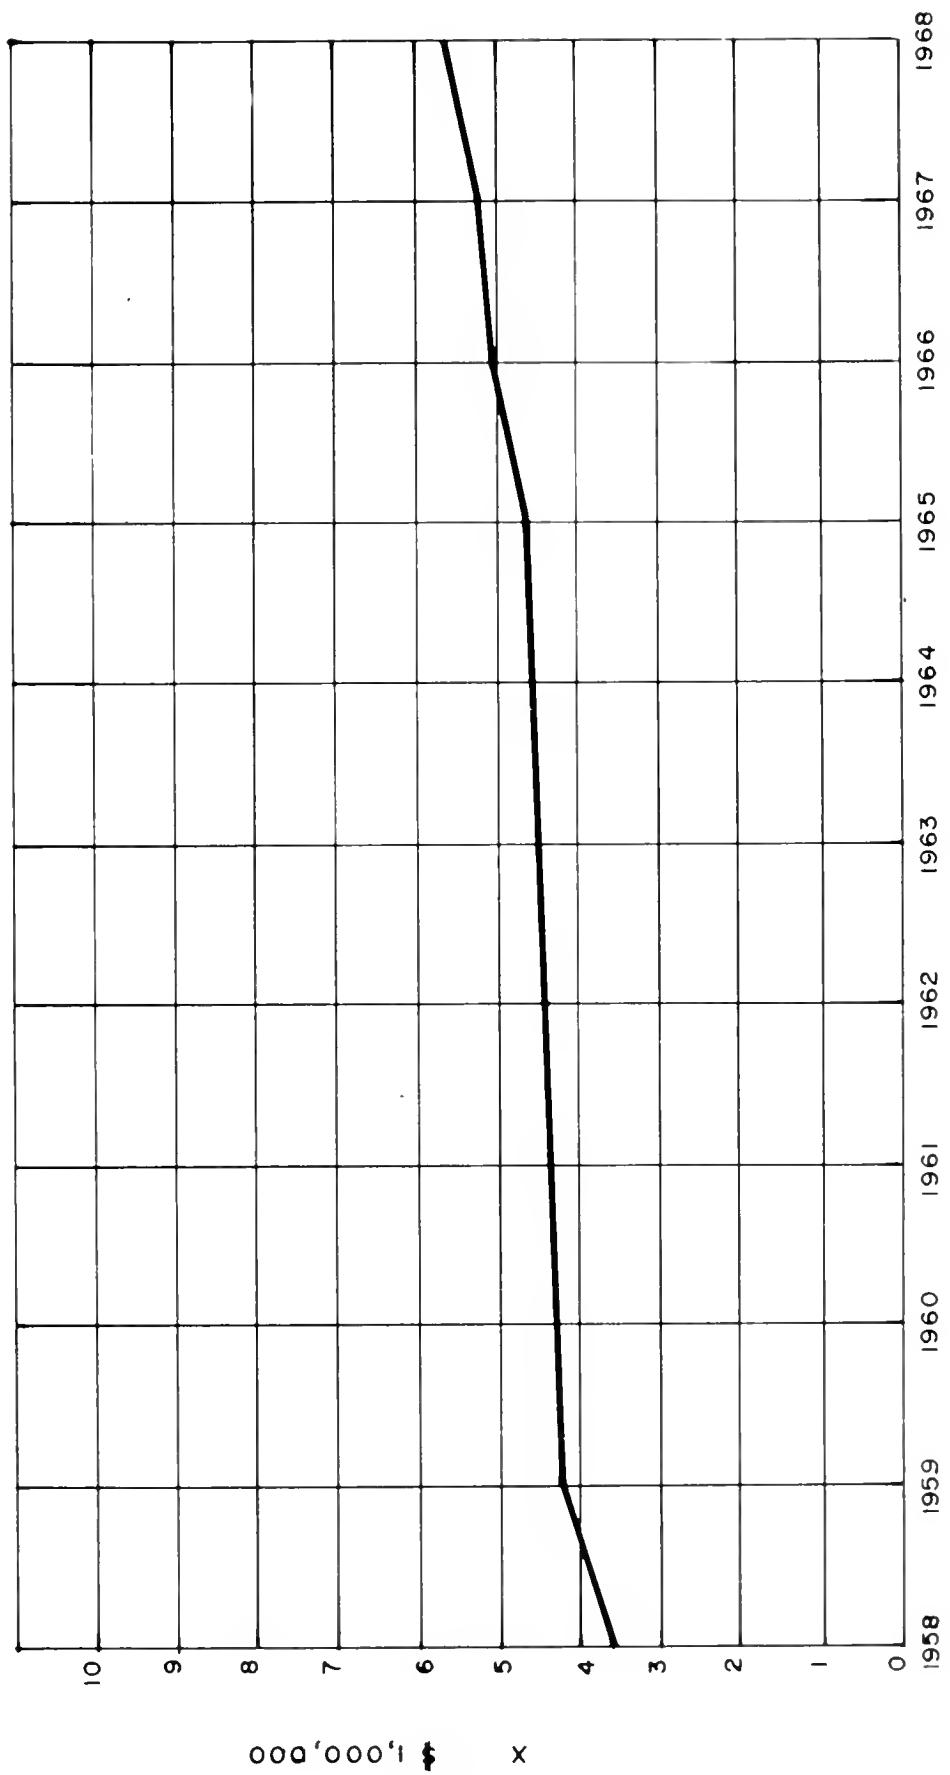

Class	Volume	Number In Operation
"A"	Over \$450,000	14
"B"	\$140,000 to \$450,000	24
"C"	\$ 75,000 to \$140,000	19
"C"	\$ 40,000 to \$ 75,000	39
"C"	\$ 30,000 to \$ 40,000	16
"C"	\$ 25,000 to \$ 30,000	6

There are in addition 28 commission stores, including two air base stores, and one seasonal regular salaried store.
